

ANNUAL INDEX, Vol. 67

A	
Accounting	
—Bradford Hills Quarry keeps a close eye on cost, February	66
Aggregates—(also see crushed stone, sand and gravel and slag)	
—First 12-axle trailer train hauls aggregates, October	71
—High cab crawler crane aids adequate raw material flow (Warner Co.), November	76
—Jigs clean up "dirty gravel" (Amico Sand & Gravel Co.), April	88
—Maintenance costs slashed with automatic welder (Cyr & Evans), June	78
—Minimum stockpiling equals maximum savings (American Aggregates Corp.), April	82
—Ohio River Sand & Gravel Div.'s flexible processing system meets tri-state requirements, October	74
—Tucson Rock grows with the growing Southwest (Tucson Rock & Sand Co.), July	64
—Tyrone Rock captures an expanding market (Tyrone Rock Div., Dixie Lime & Stone Co.), July	76
—Unworkable deposit yields specification sand (Central Aggregates Co.), September	86
—D. B. Wendling says: "Aggregate price increases are coming next year", November	94
Agricultural limestone	
—Big "sell" moves excess aglime (Texas Crushed Stone Co.), May	134
—Wyandot Dolomite turns on the heat, June	90
All about screw conveyors, July	67
Alpha Portland Cement Co., Catskill, N.Y., Dec.	52
Alpha's Catskill plant features advanced processing concepts (Alpha Portland Cement Co.), Dec.	52
Aluminum truck bodies: light answer to a weighty problem (Canadian Johns-Manville), October	64
American Aggregates Corp., Cable, Ohio, & North Columbus, Ohio, May	132
American Aggregates Corp., South Springfield, Ohio, April	82
Amico Sand & Gravel Co., Riverside, N.J., April	88
Andrews, Peter B. B.	
—1964 prediction: new peaks of prosperity for rock producers, January	52
Are automatic transmissions tinsel or terrible? October	68
Arkansas Cement Corp., Foreman, Ark., May	92
Arteries of a cement plant (pneumatic conveying systems), June	72
Ash Grove Lime & Portland Cement Co., Portland, Ore., June	82
Ash Grove moves into Northwest, installs second "Calcimatic" facility, June	82
Asphalt Paving Co., Denver, Colo., Feb.	96
Atlantic Cement Co., Ravens, N.Y., May	116
Automated gravel plant adds TV (Asphalt Paving Co.), Feb.	96
Automatic crusher control means no human errors, Sept.	64
Automation	
—Automated gravel plant adds TV (Asphalt Paving Co.), Feb.	96
—Completely automate your loadout control system for only \$4,000, Dec.	66
—Computer controls two kilns at Japanese cement plant (Tokuyama Soda Co.), Feb.	88
—Television comes of age, Sept.	99
Arbe, Victor J.	
—Super rotary kiln, Part 1, July	96
—Part 2, Aug.	96
B	
Bauman, Ed, says: "Aggregate groups should combine for strength," Dec.	78
Bell, Joseph N.	
—Rodeffer Industries has the answer to zoning problems, April	67
Becker County Sand & Gravel Co., Marlboro, S.C., Oct.	106
Beneficiation	
—Delta Concrete wins the battle of the muddy river bottom, Nov.	60
—For flexibility: functionalize! (Mohican Sand & Gravel Co.), Dec.	86
—Ohio River Sand & Gravel Div.'s flexible processing system meets tri-state requirements, Oct.	74
Bergstrom, John H.	
—Big truck means big savings for small quarry (Des Peres Quarry), Feb.	84
—Cement plants of the 60's, May	77
—Innovations in every department (Missouri Portland Cement Co.), April	60
—King-size sand plant (Sayre & Fisher Co.), Jan.	90
—New Riverside plant to save over \$1 million annually, Oct.	56
—Optimization is design criteria at Castle Hayne (Ideal Cement Co.), March	52
—Process innovations highlight gypsum plant (The Flintkote Co.), Aug.	58
—Unworkable deposit yields specification sand (Central Aggregates Co.), Sept.	86
Biggest cyclones trap dust at Missouri Portland's Joppa plant, Nov.	98
Big "sell" moves excess aglime (Texas Crushed Stone Co.), May	134
Big truck means big savings for small quarry (Des Peres Quarry), Feb.	84
Blasting	
—Boom! . . . there's enough stone for a season (Warner Co.), Sept.	70
—California quarry saves money with new explosive (Walter B. Roselip Co.), May	104
—European blasting today, Part 2, Jan.	94
—How low-cost is AN/FO? (Woodville Lime & Chemical Co.), Nov.	82
Bogert, John R.	
—California quarry saves money with new explosive (Walter B. Roselip Co.), May	104
Boom! . . . there's enough stone for a season, Sept.	70
Bradford Hills Quarry, Inc., Downingtown, Pa., Feb.	66
Bradford Hills Quarry keeps a close eye on cost, Feb.	66
Burning	
—Cement plants of the 60's, May	84
Bush	
—All about screw conveyors, July	67
C	
California quarry saves money with new explosive (Walter B. Roselip Co.), May	104
Canadian Johns-Manville Co. Ltd., Jeffrey mine, Asbestos, Que., Canada, Oct.	64
Can a small operation afford good truck maintenance? (Woodward Sand Co.), Oct.	110
Carved-out production payments, Sept.	68
Cement	
—Arteries of a cement plant (pneumatic conveying systems), June	72
—Cement imports tumble in 1963, May	113
—Forecast for 1964, Jan.	58
—Maintenance Rx for grinding mill motors, Dec.	102
—White cement production, May	89
—Will wet clinker grinding produce uniform-colored cement? (Iris color process), June	80
—X-ray analysis, potent weapon in battle for quality (Atlantic Cement Co.), May	116
Cement imports tumble in 1963, May	113
Cement plants	
—Alpha's Catskill plant features advanced processing concepts (Alpha Portland Cement Co.), Dec.	52
—Biggest cyclones trap dust at Missouri Portland's Joppa plant, Nov.	98
—Computer controls two kilns at Japanese cement plant (Tokuyama Soda Co.), Feb.	88
—How Arkansas Cement solved power dilemma, May	92
—Hungary's largest cement plant nears completion (Danube Cement & Lime Works), July	86
—Innovations in every department (Missouri Portland Cement Co.), April	60
—New plant parallels old (Penn-Dixie Cement Corp.), Jan.	84
—New Riverside plant to save over \$1 million annually (Crestmore), Oct.	56
—Nuclear scale (Louisville Cement Co.), April	71
—Optimization is design criteria at Castle Hayne (Ideal Cement Co.), March	52
—Permanent plant—new Montana bonanza, Feb.	56
Cement plants of the 60's, May	77
—Burning	84
—Dust collection	81
—Grinding	82
—Material handling	80
—Packing & shipping	88
—Raw material preparation	78
Central Aggregates Co., Sacramento, Calif., Sept.	86
Central Silica Co., Zanesville, Ohio	79
Chains and burner pipe system provide kiln savings (Alpha Portland Cement Co.), Dec.	58
Civil rights—eternal battlefield, Aug.	52
Classrooms in the mines (National Gypsum Co.), April	91
Closed-circuit grinding improves raw mill efficiency (Alpha Portland Cement Co.), Dec.	56
Compact plant processes coral rock (R. H. Wright, Inc.), June	70
Completely automate your loadout control system for only \$4,000, Dec.	66
Compulsory arbitration, Feb.	63
Computer controls two kilns at Japanese cement plant (Tokuyama Soda Co.), Feb.	88
Controls	
—Cement plants of the 60's, May	86
—Sophisticated control system has everything (Alpha Portland Cement Co.), Dec.	62
Conveyors	
—All about screw conveyors, July	67
—Arteries of a cement plant (pneumatic conveying systems), June	72
—Pneumatic pump makes two conveying systems out of one (Texas Gulf Sulphur Co.), Dec.	82
Corson Co. researches fly ash lightweight aggregate, Sept.	74
G & W. H. Corson, Inc., Plymouth Meeting, Pa., Sept.	74
Crushed stone	
—Florida's soft rock valley, April	97
—Forecast for 1964, Jan.	62
Crushed stone plant increases facilities to meet stringent specifications (Dolese Bros. Co.), Sept.	92
Crushed stone plants	
—Big "sell" moves excess aglime (Texas Crushed Stone Co.), May	134
—Big truck means big savings for small quarry (Des Peres Quarry), Feb.	84
—Boom! . . . there's enough stone for a season (Warner Co.), Sept.	70
—Bradford Hills Quarry keeps a close eye on cost, Feb.	66
—California quarry saves money with new explosive (Walter B. Roselip Co.), May	104
—Compact plant processes coral rock (R. H. Wright, Inc.), June	70
—Crushed stone plant increases facilities to meet stringent specifications (Dolese Bros. Co.), Sept.	92
—Down with downtime; up with production (Honolulu Constr. & Draying Co.), Nov.	86
—How low-cost is AN/FO? (Woodville Lime & Chemical Co.), Nov.	82
—Pace-setting Oklahoma crushing plant (Tulsa Rock Co.), May	108
—Portability equals profits at Miami Crushed Rock, Nov.	64
—Tyrone Rock captures an expanding market (Tyrone Rock Div., Dixie Lime & Stone Co.), July	76
—Wire your loaders for sound (Maule Industries and Hoover, Inc.), Nov.	71
Crushing	
—Automatic crusher control means no human errors, Sept.	64
—Crushing roundup, March	59
Crushing roundup, March	59
—Closed-circuit crushing	79
—Crusher selection	79
—Crusher types	65
—Hardfacing	86
—Portable units	83
—Power requirements	77
Cunningham, Chet	
—Are automatic transmissions tinsel or terrible? Oct.	68
—Can a small operation afford good truck maintenance? (Woodward Sand Co.), Oct.	110
Cyr & Evans General Contracting Co., Tempe, Ariz., June	78
D	
Danube Cement & Lime Works, Vac, Hungary, July	86
Dapin, Geraldine	
—Importance of safety equipment stressed at Safety Congress, Dec.	94
Defeating deleterious material (Missouri River Sand & Gravel Co.), June	84
Delta Concrete Co., Bellaire, Ohio, Nov.	60
Delta Concrete wins the battle of the muddy river bottom, Nov.	60
Des Peres Quarry, Kirkwood, Mo., Feb.	84
Diatomites	
—Eagle-Picher ships diatomite with care, Sept.	73
Dolese Bros. Co., Richards Spur, Okla., Sept.	92
Down with downtime; up with production (Honolulu Constr. & Draying Co.), Nov.	86
Doyen, J. E.	
—Automatic crusher control means no human errors, Sept.	64

Please turn page

ANNUAL INDEX

continued from page 143

—Completely automate your loadout control system for only \$4,000, Dec.	66
Dravo Corp., Neville Island, Pittsburgh, Pa., June	67
Dravo's safety program aims for the individual, June	67
Dredging	
—Delta Concrete wins the battle of the muddy river bottom, Nov.	60
—Jigs clean up "dirty gravel" (Amico Sand & Gravel Co.), April	88
—King-size sand plant (Sayre & Fisher Co.), Jan.	90
—Lowering the boom on lignite (Stewart Sand & Material Co.), May	128
—Ohio River Sand & Gravel Div.'s flexible processing system meets tri-state requirements, Oct.	74
—Pennsylvania Glass Sand streamlines mining methods, Nov.	75
Dust control	
—Biggest cyclones trap dust at Missouri Portland's Joppa plant, Nov.	91
—Cement plants of the 60's, May	88
—NLA Operators meeting centers attention on kilns and dust collection, Dec.	98
Dymont, Robert	
—How low-cost is AN/FO? (Woodville Lime & Chemical Co.), Nov.	82

E

Eagle-Picher Co., Reno, Nev., Sept.	73
Eagle-Picher ship diatomite with care, Sept.	73
Eastern sintering plant now producing fly ash pellets (Niagara Mohawk Power Corp.), Part II, June	62
Editor's page	
—A new year—a new name, Jan.	16
—The future looks bright for the cement industry, March	16
—Invest now or pay later, Feb.	16
—A year for thoughtful consideration, April	24
Esmonde, R. A.	
—Aluminum truck bodies: light answer to a weighty problem, Oct.	64
European blasting today, Part 2, January ..	94
Expanded Clay & Shale Association	
—Fly ash steals the show at ECSA meeting, Oct.	102
—Quality control and plant design grab spotlight at ECSA meeting, March	110
Expanded shale production climbs at Kenilite (Kenilite Div., Ohio River Sand Co.), Feb.	78

F

Fair, Ernest W.	
—Prolonging the life of your equipment, May	138
Feeders	
—What you should know about feeders, Aug.	61
Finance	
—How to stretch your working capital, May	125
—Need to boost your balance sheet out of the doldrums? Sept.	68
Finish grinding system is unusual departure (Alpha Portland Cement Co.), Dec.	60
First 12-axle trailer train hauls aggregates, Oct.	71
First gypsum arrives at Flintkote's new Savannah plant, Dec.	65
Fit the teeth to the task, Nov.	78
Flintkote Co., The, Camden, N.J., Aug.	58
Flintkote Co., The, Savannah, Ga., Dec.	65
Florida Crushed Stone Co., Victor Plant, Tarpon Springs, Fla., Nov.	102
Florida's soft rock valley, April	97
Fluidization—dominant trend in today's European lime industry, March	95
Fly ash aggregate	
—Corson Co. researches fly ash lightweight aggregate, Sept.	74
—Eastern sintering plant now producing fly ash pellets (Niagara Mohawk Power Corp.), June	62
—Fly ash steals the show at ECSA meeting, Oct.	102
For flexibility: functionalize! (Mohican Sand & Gravel Co.), Dec.	86
Forecast for 1964	87

G

Gantt, Phillip L.	
—New plant parallels old (Penn-Dixie Cement Corp.), Jan.	84
—Television comes of age, Sept.	99
Going underground for limestone (Warner Co.), April	77
Gravel pits go on to greater things (land rehabilitation), July	89
Grinding	
—Cement plants of the 60's, May	82

—Closed-circuit grinding improves raw mill efficiency (Alpha Portland Cement Co.), Dec.	56
—Finish grinding system is unusual departure (Alpha Portland Cement Co.), Dec.	60
—Is a roller mill the answer to your grinding problem? Sept.	82
Gypsum	
—Forecast for 1964, Jan.	66
Gypsum plants	
—First gypsum arrives at Flintkote's new Savannah plant, Dec.	65
—Process innovations highlight gypsum plant (The Flintkote Co.), Aug.	58

H

Hahn, W. F.	
—Arteries of a cement plant (pneumatic conveying systems), June	72
High cab crawler crane aids adequate raw material flow (Warner Co.), Nov.	76
Honolulu Construction & Draying Co. Ltd., Kapaa quarry, Honolulu, Hawaii, Nov.	86
Hoover, Inc., Nashville, Tenn., Nov.	71
Houck, T. M.	
—X-ray analysis (Atlantic Cement Co.), May	116
How Arkansas Cement solved power dilemma, May	92
How low-cost is AN/FO? (Woodville Lime & Chemical Co.), Nov.	82
How to get the most from your tractor shovel, Nov.	66
How to select and train truck drivers, Oct.	94
How to stretch your working capital, May	125
Hughes, E. L.	
—High cab crawler crane aids adequate raw material flow (Warner Co.), Nov.	76
Hungary's largest cement plant nears completion (Danube Cement & Lime Works), July	86

I

Ideal Cement Co., Castle Hayne, N.C., March	52
If the splices is right (conveyor belts), Dec.	72
Illinois, University of, Dept. of City Planning & Landscape Architecture (land rehabilitation), July	89
Inman, Richard W.	
—You can predict electrical equipment failures, June	87
Innovations in every department (Missouri Portland Cement Co.), April	60
Institute of Electrical & Electronic Engineers	
—IEEE cement conference draws record attendance, June	92
Ironman, Ralph	
—Danish lightweight aggregate sweeps Europe (LECA), Oct.	82
—European blasting today, Part 2, January	94
—Fluidization—dominant trend in today's European lime industry, March	95
—Generator gas firing for lime plants (Hungarian), Feb.	106
—Hungary's largest cement plant nears completion (Danube Cement & Lime Works), July	86
Is a dual rotary kiln the answer for lightweight aggregate, Nov.	91
Is a roller mill the answer to your grinding problem? Sept.	82
Is the fly ash disposal problem solved? Part I, June	60
Part II, June	62

J

Jigs clean up "dirty gravel" (Amico Sand & Gravel Co.), April	88
---	----

K

Kaiser Aluminum & Chemical Corp., Chalmette, La., Oct.	66
Kaiser develops personal air coolers, Oct.	63
Kaiser, Vaughn A.	
—Computer controls two kilns at Japanese cement plant (Tokuyama Soda Co.), Feb.	88
Karges, E. J.	
—Is a roller mill the answer to your grinding problem? Sept.	82
Keeping up with the market requires expansion at Texas Lime, July	81
Kennerly, A. B.	
—Big "sell" moves excess aglime (Texas Crushed Stone Co.), May	134
Kent, Allen J.	
—Florida's soft rock valley, April	97
Kiln drives go static, Sept.	104
Kilns, cement	
—Biggest cyclones trap dust at Missouri Portland's Joppa plant, Nov.	98
—Cement plants of the 60's, May	82-87
—Chains and burner pipe system provide kiln savings (Alpha Portland Cement Co.), Dec.	58
—Computer controls two kilns at Japanese	

cement plant (Tokuyama Soda Co.), Feb.	88
—Hungary's largest cement plant nears completion (Danube Cement & Lime Works), July	86
—Kiln drives go static, Sept.	104
—New Riverside plant to save over \$1 million annually (Crestmore), Oct.	56
Kilns, lightweight aggregate	
—Is a dual rotary kiln the answer for lightweight aggregate, Nov.	91
Kilns, lime	
—Ash Grove moves into Northwest, installs second "Calcimatic" facility, June	82
—Generator gas firing for lime plants (Hungarian), Feb.	106
—NLA Operators meeting centers attention on kilns and dust collection, Dec.	98
—New approach developed for lime kiln firing, Nov.	88
—Super rotary kiln, Part I, July	56
Part 2, Aug.	96
King-size sand plant (Sayre & Fisher Co.), Jan.	90
Kenilite Div., Ohio River Sand Co., Louisville, Ky., Feb.	78
Kohn, Leroy L.	
—How to stretch your working capital, May	125
Kosmos Portland Cement Co., Battletown, Ky., Oct.	86

L

Labor relations	
—Compulsory arbitration, Feb.	63
Lambeth, Harry J.	
—Compulsory arbitration, Feb.	63
Land rehabilitation	
—American Aggregates Corp., July	89
—Lincoln Sand & Gravel Co., July	89
Large loader can save you money (Becker County Sand & Gravel Co.), Oct.	106
Levine, Sidney	
—Alpha's Catskill plant features advanced processing concepts (Alpha Portland Cement Co.), Dec.	62
—Crushed stone plant increases facilities to meet stringent specifications (Dolene Bros. Co.), Sept.	92
—Delta Concrete wins the battle of the muddy river bottom, Nov.	60
—How Arkansas Cement solved power dilemma, May	92
—If the splices is right (conveyor belts), Dec.	72
—Is the fly ash disposal problem solved? Part I, June	60
Part II, June	62
—Keeping up with the market requires expansion at Texas Lime, July	81
—Minimum stockpiling equals maximum savings (American Aggregates Corp.), April	82
—Ninety screens produce precision grading (Wedron Silica Co.), Feb.	72
—Ohio River Sand & Gravel Div.'s flexible processing system meets tri-state requirements, Oct.	74
—What you should know about feeders, Aug.	61
Lightweight aggregates	
—Danish lightweight aggregates sweeps Europe (LECA), Oct.	82
—Fly ash steals show at ECSA meeting, Oct.	102
—Forecast for 1964, Jan.	64
—Is a dual rotary kiln the answer for lightweight aggregate?, Nov.	91
—Is the fly ash disposal problem solved? Part I, June	60
Part II, June	62
—Powers, E. K., looks at the lightweight aggregate industry today, Oct.	78
Lightweight aggregates plants	
—Corson Co. researches fly ash lightweight aggregate, Sept.	74
—Eastern sintering plant now producing fly ash pellets (Niagara Mohawk Power Corp.), June	62
—Expanded shale production climbs at Kenilite (Kenilite Div., Ohio River Sand Co.), Feb.	78
Lignite, lowering the boom on (Stewart Sand & Material Co.), May	128
Lime	
—Fluidization—dominant trend in today's European lime industry, March	95
—Forecast for 1964, Jan.	65
—New markets for lime, NLA, July	93
—Super rotary kiln, Part I, July	56
Part II, Aug.	96
—U. S. Gypsum calcines Lake Ponchartrain clams, July	72
Lime plants	
—Ash Grove moves into Northwest, installs second "Calcimatic" facility, June	82
—Generator gas firing for lime plants (Hungarian), Feb.	106
—Keeping up with the market requires expansion at Texas Lime, July	81
—New approach developed for lime kiln firing, Nov.	88
—Pflizer competes for West Coast lime markets (Chas. Pfizer & Co.), Sept.	67

—Pneumatic pump makes two conveying systems out of one (Texas Gulf Sulphur Co.), Dec.	82
—U. S. Gypsum calcines Lake Ponchartrain clamsbells, July	72
Limestone	
—Going underground for limestone (Warner Co.), April	77
—Turn waste into sales (Limestone Div. of Wallick Coal, Inc.), May	121
Limestone sand	
—Crushed stone plant increases facilities to meet stringent specifications (Dolese Bros. Co.), Sept.	92
Lord, A. C.	
—Kiln drives go static, Sept.	104
Louisville Cement Co., Speed, Ind.	71
—Lowering the boom on lignite (Stewart Sand & Material Co.), May	128
Lube survey racks up big savings (Kosmos Portland Cement Co.), Oct.	86
Lubrication	
—Lube survey racks up big savings (Kosmos Portland Cement Co.), Oct.	86

M

Maintenance	
—Can a small operation afford good truck maintenance? (Woodward Sand Co.), Oct.	110
—How to select and train truck drivers, Oct.	94
—If the splice is right (conveyor belts), Dec.	72
—Lube survey racks up big savings (Kosmos Portland Cement Co.), Oct.	86
—Maintenance costs slashed with automatic welder (Cyr & Evans), June	78
—Maintenance Rx for grinding mill motors, Dec.	102
—Right alloy + proper welding = successful hardfacing, Nov.	105
—You can predict electrical equipment failures, June	87
Maintenance costs slashed with automatic welder (Cyr & Evans), June	78
Maintenance Rx for grinding mill motors, Dec.	102
Materials handling	
—Cement plants of the 60's, May	80
—High cab crawler crane aids adequate raw material flow (Warner Co.), Nov.	76
—How to get the most from your tractor shovel, Nov.	66
—Large loader can save you money (Becker County Sand & Gravel Co.), Oct.	106
—Pneumatic pump makes two conveying systems out of one (Texas Gulf Sulphur Co.), Dec.	82
—Silica gets a ski lift (Central Silica Co.), Nov.	79
—Versatile loader solves slag-moving problems (Florida Crushed Stone Co.), Nov.	102
—What's ahead for tractor shovels? Nov.	72
—Wire your loaders for sound (Maule Industries & Hoover, Inc.), Nov.	71
Maule Industries, Miami, Fla., Nov.	71
Meeting reports	
—ECSA, fly ash steals the show at meeting, Oct.	102
—IEEE cement conference draws record attendance, June	92
—Importance of safety equipment stressed at Safety Congress, Dec.	94
—January is convention time for NCSA, NLI and NSGA, Dec.	69
—Lime operators told: technical competence is answer to captive plant completion, Dec.	98
—NCSA Board opposes quarry safety legislation, Sept.	115
—NCSA convention & exhibition, April	72
—NLI—New markets for lime, July	93
—NLI meeting tops all previous records, March	106
—NLI reaffirms policies, sets new goals, Sept.	109
—NSA plant operators meeting, June	94
—NSGA convention & exhibition, April	72
—NSGA talks out future problems, Dec.	91
Merchandising	
—Big "sell" moves excess aglime (Texas Crushed Stone Co.), May	134
Miami Crushed Rock, Inc., Miami, Fla., Nov.	64
Middlemas, J. W.	
—New approach developed for lime kiln firing, Nov.	88
Minimum stockpiling equals maximum savings, (American Aggregates Corp.), April	82
Mining	
—Classrooms in the mines (National Gypsum Co.), April	91
—Going underground for limestone (Warner Co.), April	76
Minnick, L. John	
—Corson Co. researches fly ash lightweight aggregate, Sept.	74
Mission Rock Co., Santa Paula, Calif., Jan.	100
Missouri Portland Cement Co., Joppla, Ill., April	60

Missouri Portland Cement Co., Joppla, Ill., Nov.	98
Missouri River Sand & Gravel Co., Mandan, N. D., June	84
Mitchell, Ronald J.	
—Compact plant processes coral rock (R. H. Wright, Inc.), June	70
—Crushing roundup, March	59
—Going underground for limestone (Warner Co.), April	77
—Lowering the boom on lignite (Stewart Sand & Material Co.), May	128
—Permanent plant—new Montana bonanza, Feb.	56
—Portability equals profits at Miami Crushed Rock, Nov.	64
—Tyrone Rock captures an expanding market (Tyrone Rock Div., Dixie Lime & Stone Co.), July	76
Mohican Sand & Gravel Co., Perryville, Ohio, Dec.	86

N

National Crushed Stone Association	
—Convention & exhibition (NCSA-NSGA-NRMCA), April	72
—January is convention time for NCSA, NLI and NSGA, Dec.	69
—NCSA Board opposes quarry safety legislation, Sept.	115
—Program and equipment preview for combined show, Jan.	68
National Gypsum Co., Bellefonte, Pa., Apr.	91
National Lime Association	
—Lime operators told: technical competence is answer to captive plant completion, Dec.	98
—New markets for lime, July	93
National Limestone Institute	
—January is convention time for NCSA, NLI and NSGA, Dec.	69
—NLI meeting tops all previous records, March	106
—NLI reaffirms policies, sets new goals, Sept.	109
National Safety Council	
—Importance of safety equipment stressed at Safety Congress, Dec.	94
National Sand & Gravel Association	
—Convention and exhibition (NSGA-NRMCA-NCSA), April	72
—Gravel pits go on to greater things (land rehabilitation), July	89
—January is convention time for NCSA, NLI and NSGA, Dec.	69
—NSGA reveals 1963 sand & gravel data, Oct.	98
—NSGA talks out future problems, Dec.	91
—Program and equipment preview for combined show, Jan.	68
National Slag Association	
—Ed Bauman says: "Aggregate groups should combine for strength," Dec.	78
—NSA plant operators meeting, June	94
Need to boost your balance sheet out of the doldrums? Sept.	68
New approach developed for lime kiln firing, Nov.	88
New Riverside plant to save over \$1 million annually, Oct.	56
New sand section ups efficiency at Mission Rock, Jan.	100
Niagara Mohawk Power Corp., Buffalo, N. Y., June	60
1964 prediction: new peaks of prosperity for rock producers, Jan.	52
Ninety screens produce precision grading (Wedron Silica Co.), Feb.	72
Nuclear scale (Louisville Cement Co.), Apr.	71

O

Ohio River Sand & Gravel Div.'s flexible processing system meets tri-state requirements, Oct.	74
Ohio River Sand & Gravel Div., McDonough Co., Parkersburg, W. Va., Oct.	74
Optimization is design criteria at Castle Hayne (Ideal Cement Co.), March	52
Overtime Penalty Bill (interview with W. Julian Parton and John F. Lane), May	99

P

Pac-setting Oklahoma crushing plant (Tulsa Rock Co.), May	108
Packing and shipping	
—Cement plants of the 60's, May	80
Penn-Dixie Cement Corp., Clinchfield, Ga., Jan.	84
Pennsylvania Glass Sand Corp., Newport, N. J., Nov.	75
Pennsylvania Glass Sand streamlines mining methods, Nov.	75
Percentage depletion	
—Need to boost your balance sheet out of the doldrums? Sept.	68
Permanent Cement Co., Montana City, Mont., Feb.	56
Permanent plant—new Montana bonanza, Feb.	56

Pfizer & Co., Chas., Lucerne Valley, Calif., Sept.	67
Pfizer competes for West Coast lime markets (Chas. Pfizer & Co.), Sept.	67
Pixley, George W.	
—Is a dual rotary kiln the answer for lightweight aggregate, Nov.	91
Pneumatic pump makes two conveying systems out of one (Texas Gulf Sulphur Co.), Dec.	82
Portable plants	
—Portability equals profits at Miami Crushed Rock, Nov.	64
—Tucson Rock grows with the growing Southwest (Tucson Rock & Sand Co.), July	64
Portability equals profits at Miami Crushed Rock, Nov.	64
Powers, B. K., looks at the lightweight aggregate industry today, Oct.	78
Process innovations highlight gypsum plant (The Flintkote Co.), Aug.	58
Production and value of sand and gravel in 1963, Oct.	98
Prolonging the life of your equipment, May	138
Pruess, E. D.	
—How to get the most from your tractor shovel, Nov.	66

Q

Quality, efficiency build three-state market (Woolcotville Sand & Gravel), March	102
Quarrying	
—Boom!... there's enough stone for a season (Warner Co.), Sept.	70

R

Raw material preparation	
—Cement plants of the 60's, May	78
Right alloy + proper welding = successful hardfacing, Nov.	105
Ripping	
—Florida's soft rock valley, April	97
Riverside Cement Co., Crestmore Plant, Oct.	56
Rocky's Notes	
—Exploiting the bones of our ancestors, Feb.	21
—For a natural museum of limestones, Jan.	20
—High-magnesia cement that passes autoclave test	25
—How much magnesia in portland cement?, March	21
—How to begin a study of limestones, Oct.	25
—Limestone as evaluated by industry, June	32
—Precautions necessary to make good concrete, April	32
—Promising future for rock fertilizers, Dec.	25
—Rising demand for magnesium and magnesium compounds, July	26
—Rock deposits and good crushed stone aggregates, May	26
—Rock products and depletion of our soils, Nov.	29
—Should cement companies own ready-mixed concrete plants?, Aug.	25
Rodeffer Industries has the answer to zoning problems, April	67
Rodeffer Industries, Inc., Azusa, Calif., April	67
Rosecliff Co., Walter B., Santa Margarita quarry, Santa Margarita, Calif., May	104
Rumberger, W. A.	
—Eastern sintering plant now producing fly ash pellets (Niagara Mohawk Power Corp.), June	62

S

Safety	
—Classrooms in the mines (National Gypsum Co.), April	91
—Dravo's safety programs aims for the individual, June	67
—How to select and train truck drivers, Oct.	94
—Importance of safety equipment stressed at Safety Congress, Dec.	94
—NCSA Board opposes quarry safety legislation, Sept.	115
Sand and gravel	
—Completely automate your loadout control system for only \$4,000, Dec.	66
—Forecast for 1964, Jan.	60
—Gravel pits go on to greater things (land rehabilitation), July	89
—NSGA reveals 1963 sand & gravel data, Oct.	98
—Rodeffer Industries has the answer to zoning problems, April	67
Sand and gravel plants	
—Automated gravel plants adds TV (Asphalt Paving Co.), Feb.	96
—Defeating deleterious material (Missouri Sand & Gravel Co.), June	84
—Delta Concrete wins the battle of the muddy river bottom, Nov.	60

ANNUAL INDEX

continued from page 145

—For flexibility: functionalize! (Mohican Sand & Gravel Co.), Dec.	86
—High cab crawler crane aids adequate raw material flow (Warner Co.) Nov.	76
—Jigs clean up "dirty gravel" (Amico Sand & Gravel Co.), April	88
—Large loader can save you money (Becker County Sand & Gravel Co.), Oct.	106
—Maintenance costs slashed with automatic welder (Cyr & Evans), June	78
—Minimum stockpiling equals maximum savings (American Aggregates Corp.) Apr.	82
—Ohio River Sand & Gravel Div.'s flexible processing system meets tri-state requirements, Oct.	74
—Quality, efficiency build three-state market (Woolcotville Sand & Gravel) March	102
—Rodeffer Industries has the answer to zoning problems, April	67
—Texas Construction Material Co. readies additional pit and plant, Sept.	78
—Tucson Rock grows with the growing Southwest (Tucson Rock & Sand Co.), July	64
—Unworkable deposit yields specification sand (Central Aggregates Co.), Sept.	86
Sand plants	
—King-size sand plant (Sayre & Fisher Co.), Jan.	90
—Lowering the boom on lignite (Stewart Sand & Material Co.), May	128
—New sand section ups efficiency at Mission Rock, Jan.	100
Sayre & Fisher Co., Sayreville, N. J., Jan.	90
Schlaya, Yoichi	
—Computer controls two kilns at Japanese cement plant (Tokuyama Soda Co.), Jan.	88
Schoen, Arnold J.	
—Should your company "roll its own?" Oct.	90
Screen heating	
—Wyandot Dolomite turns on the heat, June	90
—Closed-circuit grinding improves raw mill efficiency (Alpha Portland Cement Co.), Dec.	86
Should your company "roll its own?"	
Oct.	90
Silica gets a ski lift (Central Silica Co.), Nov.	70
Silica sand	
—Eagle-Picher ships diatomite with care, Sept.	73
—Large loader can save you money (Becker County Sand & Gravel Co.) Oct.	106
—Ninety screens produce precision grading (Wedron Silica Co.), Feb.	72
—Pennsylvania Glass Sand streamlines mining methods, Nov.	75
—Silica gets a ski lift (Central Silica Co.), Nov.	70
Slag	
—Ed Bauman says: "Aggregate groups should combine for strength," Dec.	78
—Forecast for 1964, Jan.	67
—Versatile loader solves slag-moving problems (Florida Crushed Stone Co.) Nov.	102
Sophisticated control system has everything (Alpha Portland Cement Co.), Dec.	62
Speaking out	
—Ed Bauman says: "Aggregate groups should combine for strength," Dec.	78
—B. K. Powers looks at the lightweight aggregate industry today, Oct.	78
—D. B. Wendling says: "Aggregate price increases are coming next year" Nov.	94

Stearn, Enid W.	
—Civil rights—eternal battlefield, Aug.	52
—Classrooms in the mines (National Gypsum Co.), April	91
—Dravo's safety program aims for the individual, June	67
—Gravel pits go on to greater things (land rehabilitation), July	80
—Need to boost your balance sheet out of the doldrums? Sept.	68
—Overtime Penalty Bill (interview with W. Julian Parton and John F. Lane) May	99
—D. B. Wendling says: "Aggregate price increases are coming next year" Nov.	94
Stewart Sand & Material Co., Kansas City, Mo., May	128
Stockpiling	
—Minimum stockpiling equals maximum savings (American Aggregates Corp.) Apr.	82
Super rotary kilns, Part 1, July	56
—Part 2, Aug.	96
Swenson, Arthur	
—Quality, efficiency build three-state market (Woolcotville Sand & Gravel) Mar.	102

T

Television	
—Automated gravel plant adds TV (Asphalt Paving Co.), Feb.	96
—New plant parallels old (Penn-Dixie Cement Corp.) Jan.	84
—Television comes of age, Sept.	99
Texas Construction Material Co. readies additional pit and plant, Sept.	78
Texas Construction Material Co., Tait Plant, Columbus, Texas, Sept.	78
Texas Gulf Sulphur Co., Beaumont, Texas, Dec.	82
Texas Lime Co., Cleburne, Texas, July	81
Tokuyama Soda Co., Honshu, Japan, Feb.	88
Torgerson, Ralph S.	
—Maintenance costs slashed with automatic welder (Cyr & Evans), June	78
—Tucson Rock grows with the growing Southwest (Tucson Rock & Sand Co.) July	64
Track or tires for low-cost dirt? Feb.	100
Tractors	
—Track or tires for low-cost dirt? Feb.	100
Tractor shovels	
—How to get the most from your tractor shovel, Nov.	66
—What's ahead for tractor shovels? Nov.	72
Trucks	
—Aluminum truck bodies: light answer to a weighty problem (Canadian Johns-Manville), Oct.	64
—Are automatic transmissions tinsel or terrific? Oct.	68
—Big truck means big savings for small quarry (Des Peres Quarry), Feb.	84
—Can a small operation afford good truck maintenance? (Woodward Sand Co.), Oct.	110
—First 12-axle trailer train hauls aggregates, Oct.	71
—How to select and train truck drivers, Oct.	94
—Should your company "roll its own?" Oct.	90
—Wire your loaders for sound (Maule Industries and Hoover, Inc.) Nov.	71
Tucson Rock & Sand Co., Tucson, Ariz., July	64
Tucson Rock grows with growing Southwest (Tucson Rock & Sand Co.) July	64
Tulsa Rock Co., Tulsa, Okla., May	108
Turn waste into sales (Limestone Div. of Wallick Coal, Inc.), May	121
Tyrone Rock captures an expanding market (Tyrone Rock Div., Dixie Lime	

& Stone Co.), July	76
Tyrone Rock Div., Dixie Lime & Stone Co. Tyrone, Ga., July	76

UV

Underground mining	
—Going underground for limestone (Warner Co.), April	77
U. S. Gypsum calcines Lake Ponchartrain Clamhells, July	72
U. S. Gypsum Co., New Orleans, La., July	72
Unit trains round the bend (American Aggregates Corp.), May	132
Unworkable deposit yields specification sand (Central Aggregates Co.) Sept.	86
Versatile loader solves slag-moving problems (Florida Crushed Stone Co.) Nov.	102

W

Wanders, J.	
—White cement production, May	89
Wallick Coal, Inc., Limestone Div., Strasburg, Ohio, May	121
Warner Co., Bellefonte, Pa., April	77
Warner Co., Philadelphia, Pa., Nov.	76
Warner Co., Union Furnace, Pa., Sept.	70
Webster Corp., Webster, Va., Oct.	78
Wedron Silica Co., Wedron, Ill., Feb.	72
Wendling, D. B., says: "Aggregate price increases are coming next year" Nov.	94
What's ahead for tractor shovels? Nov.	72
What you should know about feeders, Aug.	61
—Check on apron feeders	63
—Check weigh-belt gravimetric feeders	88
—Get positive feeding with flight feeders	78
—Investigate special feeder-scalpers and grizzlies	84
—Pneumatic & fluidizing feeders	86
—Problem is often solved by table feeders	80
—Solution may be screw feeders	76
—Solve them with rotary feeders	82
—Utilize reciprocating plate feeders and grizzlies	66
—Vibrating feeders and grizzlies	68
—Your answer could be belt feeders	72
White cement production, May	89
Will wet clinker grinding produce uniform colored cement? (Iris color process) June	80
Wire your loaders for sound (Maule Industries and Hoover, Inc.), Nov.	71
Wirt, Robert L.	
—Eastern sintering plant now producing fly ash pellets (Niagara Mohawk Power Corp.), June	62
Witt, J. C.	
—Will wet clinker grinding produce uniform-colored cement? (Iris color process), June	80
Woodville Lime & Chemical Co., Woodville, Ohio, Nov.	82
Woodward Sand Co., Inc., San Diego, Calif., Oct.	110
Woolcotville Sand & Gravel, Woolcotville, Ind., March	102
R. H. Wright, Inc., Pompano Beach, Fla., June	70
Wyandot Dolomite, Inc., Carey, Ohio, June	90
Wyandot Dolomite turns on the heat, June	90

XYZ

X-ray analysis, potent weapon in battle for quality (Atlantic Cement Co.) May	116
X-ray analyzer	
—Ninety screens produce precision grading (Wedron Silica Co.), Feb.	72
You can predict electrical equipment failures, June	87
Zoning	
—Rodeffer Industries has the answer to zoning problems, April	67
